

## REPORT of Treasurer for the year ended 31<sup>st</sup> December 2018

When I came into office I suggested no major changes should take place until a year had elapsed. The year has now passed showing a stable position.

The meets made a modest profit overall despite 3 of the 8 made a loss. I would congratulate Alan on what is always going to be a balancing act in setting a price without knowing the take-up.

Our renewal fees, together with the advertising income, well covered the cost of the Photocamper together with its postage. The remainder, together with other small profits, has allowed us to purchase an everyday projector for use at the meets when necessary.

Our financial balances have marginally increased over the year so that I personally feel no change is necessary for the coming season.
