

## **Regalia Report 2020 AGM.**

During the last Photo Group season we have been able to attend all but one of the meets and the regalia goods have been available at all we attended.

Sales throughout the last twelve months have been fairly steady, with members of the group purchasing or ordering their goods at each meet. Where goods have been ordered they have been delivered to the following meet wherever possible to reduce postage costs.

I have introduced some new lines - Ladies fit Teeshirts, a Fleece lined waterproof jacket and an Unlined waterproof jacket, as these only became available at the last meet the take up on them has been very limited.

If anyone has any further suggestions for Regalia Items I will be pleased to follow up on them and report back on the feasibility.
