Dear Secretary

Further to our letter to you on 25 June, where we promised you additional details in due course, we are providing you with an update on where we have got to.

You have already been given the green light to operate Meets and THSs from 1 August, although we appreciate that some of you are reluctant to do so before being issued with Club operational guidelines.

In our previous communication we advised that Meets and THSs will need to operate very differently than they did pre lockdown. They will need to be operated strictly as 'campsites', and not 'social gatherings'.

We are still collecting and working through the guidance being issued by the four nations. Unhelpfully, they all have their own rules and regulations, and these are being constantly updated. (Only this morning the Welsh government brought the date on which campsites can open forward two days).

We would encourage you to move ahead with your planning and booking of Meets and THSs, rather than wait for guidance from the Club, which we will issue next Wednesday. We do not currently believe the headcount limit of 30 will apply to campsites. At this stage we do not anticipate that the guidance we provide would lead to Units deciding not to run Meets and THSs.

We'd like to stress that it is, of course, at the discretion of each Unit to decide whether to run Meets and THSs.

In the meantime, please find attached some general guidance you might find useful.
