Dear All

With the ever increasing confusion around what we can and cannot do in different areas of the country, the Executive Committee are keen to provide you with clear instructions in respect of running meets and THSs.

The situation is fast changing, and there are many new – and different – rules and regulations now in place across the UK that apply to individual nations and also to local areas.

We would expect our members to be aware of the official guidance and regulations for the area in which they live, and also for the local area of the campsite they plan to visit. We ask that members check the official guidance and regulations for both to ensure compliance with both sets of rules (see below for official Government links).

The Executive Committee request that any Meet or THS that is currently taking place in a 'Very High Alert Status' area close immediately, and that any Meet or THS due to take place in a 'Very High Alert Status' area be cancelled.

Please ensure that any events needing to be cancelled are done so promptly, via the Exempted Camping Database, as well as ensuring Steward contact details are up-to-date.

Please find below some helpful links to official Government websites. You will need to check them regularly for changes and updates to guidance and regulations:

We appreciate this situation is putting an additional burden on all our Stewards, and thank them for carrying out their role in such difficult circumstances.

Please stay safe.
